NUMBER 142

Wood Alcohol Takes Heavy Toll Of Life

Over Fifty Deaths In Two Days Swells Total Since Prohibition Became Law

MANY MORE BUT NOT REPORTED

At least 128 persons dead and 149 blind or seriously ill is the toll of wood alcohol since prohibition went into effect according to statistics gathered from various cities today.

The toll was swelled by 57 deaths in the last two days from poisoned whiskey in four New England cities.

The casualties by cities are: New York 52 dead, 100 seriously ill; Chicago, 35 dead, 7 ill; Hartford, Conn., 13 dead, 8 ill; Holyoke, Mass., 6 dead, 7 ill; Chicago 4 dead, 6 ill; Newark, N. J., 5 dead, Springfield, Mass., 3 dead, 5 seriously ill; Cleveland, 3 dead, 15 ill; Syracuse, N. Y., 2 dead; Emporium, Pa., 2 dead; Richmond, Va., 1 dead.

NEW YORK, Dec. 27.—Federal state and city officials were co-operating today in their search for the persons who mixed wood alcohol with whiskey causing the death of at least 30 persons in Conn and Mass. and the

serious illness and blindness of a score of others. The authorities were said to have learned that twelve barrels of this beverage was manufactured in the Bronx and sold to New England dealers for \$1,000 a barrel. Arrests are expected to be made shortly.

HARTFORD, Conn., Dec. 27.—Thirteen persons are dead and 8 are in a serious condition here as the result of drinking whiskey containing wood alcohol. Two of the deaths occurred early today and physicians said that others might occur within a few hours.

CHICAGO, Ill., Dec. 27.—Four men were dead and six others are in a serious condition as the result of drinking wood alcohol.

CLEVELAND, Ohio, Dec. 27.—Fifteen are in a hospital today from drinking wood alcohol. Three deaths from alcohol this week is the total. Council is to vote Monday night on restrictive measures.

CONFISCATED NEW SUIT OF CLOTHES LANDED IN JAIL

William Davis, a gentleman of color from some place south of Mason and Dixon's famous line, dropped into Woodland a short time ago and got a job at one of the brick plants there. He evidently decided the climate was a little too cold for him, as yesterday morning he boarded the Pennsy train for Tyrone without acquainting anybody with his plans.

Before leaving he visited the room of William Priso during the latter's absence, and promptly attached himself to Priso's \$50 overcoat and brand new suit of equal value. When Priso discovered his loss he informed Constable Barger who in turn notified Sheriff Gorman. The Sheriff had his friend Capt. Al Barr of the Pennsy, nab Davis when he arrived at Tyrone.

Constable Barger went to Tyrone and brought Davis and the clothes back to Clearfield jail last evening. The prisoner made a desperate effort to get out of the lockup at Tyrone but was caught in the act and had his labor for his pains.

He will plead guilty to a larceny charge at Monday morning court and will no doubt secure a position on the states construction work at Rordview following his sentence with Judge Bell.

OFFICERS INSTALLED

Yesterday afternoon the Ladies Auxiliary of the Brotherhood of Railway Trainmen installed the following officers:

President, Nettie Mitchell; Vice President, Harriet Atack; Treasurer, Laura Graham; Secretary, Hannah Graham; Conductress, Annie Williams; Foreward, Annie Berry; Outward, Shunkweiller; Chaplain, Maud Ammerman; Counselman, Billie Williams; Billie Williams delivered an address.

DIED FROM FALL DOWN STAIRS

Christ Hartzfeldt, one of Bloom township's best known citizens and most successful farmers, died last night about 8 o'clock as the result of a fall down stairs at his farm home on the Curwensville-DuBois pike about three miles beyond Grampian.

He was about 68 years of age and is survived by his widow, four daughters and three sons. Misses Marie and Florence Hartzfeldt who reside in Clearfield are daughters of the deceased.

TRINITY METHODIST CHURCH

The sacrament of the Lord's supper will be administered tomorrow at both the morning and evening services. In the evening the choir will repeat by request portions of the Christmas cantata "Holy Night."

Sunday school 9:30 a. m. Junior League 2:30 p. m. Epworth League 8:30 p. m. A cordial invitation to all the services of the church.

STOCK OPENINGS

NEW YORK, Dec. 28.—The market was irregular at the opening today. Studebaker opened at 104 1/2 up 1/2. Mexican Petroleum at 22 1/2 up 1/2. Republic Steel at 96 7/8 up 1/4. United States Steel at 106 1/8 up 1/8.

"SUNSHINE" WILL BE DRIGGS' OFFERING NEXT TUESDAY

At the Driggs Theatre Tuesday night, Richard Carle and a fine supporting company will open a one night engagement in Alexander Johnston's latest and greatest musical comedy success, "SUNSHINE," which comes to Clearfield direct from a popular run of three months in Chicago. Theatre goers are fortunate in being able to see this delightful entertainment so early in the season, as it has been acknowledged by all who saw it in Chicago to be the best musical comedy produced this winter.

"SUNSHINE" is said to contain every element which goes to make up a complete musical comedy production. The musical score, composed by Mr. Johnston, who also wrote "FIDDLERS THREE" and numerous other musical comedy offerings, is far above the average of such productions, containing any amount of beautiful melodies, as well as the lighter brands of music. Some of the song numbers of "SUNSHINE" which now are being sung and whistled wherever the production has been seen, are "Love is Like This Little Wheel of Mine," "Home Again, Home Again," "Something Nice in Lingerie," "Look Around Little," "The Idol of the Ring," "Sufferin' Vampires," "Treat 'Em Rough," and "The Land of Make Believe." As most of the principals of the "SUNSHINE" company were selected with special reference to their vocal equipment, as well as to their acting ability, Mr. Johnston's charming melodies are done full justice to.

The libretto is also unusually attractive—the work of William Carey Lawrence and has not only a good plot which holds the interest throughout the action of the play, irrespective of the musical numbers, but it has too a generous allotment of real comedy. Additional merit has been added to the libretto by means of various and sundry "colloquialisms," which were furnished by Mr. Carle, who scintillates in his own delightful way in "SUNSHINE" as an American life insurance agent, wandering about in search of clients and adventures in sunny Spain.

DANIELS WILL IGNORE SIMMS LETTER

WASHINGTON, Dec. 27.—Secretary Daniels will leave unanswered the letter of Admiral Simms refusing to accept the distinguished service medal because of alleged unfairness in distribution of the navy war honors, Daniels declared today.

Additional Curwensville

Lemoine Bloom, an insurance engineer working for the Underwriters' association, with headquarters in New York City, is home for the holiday week with his parents "Squire" and Mrs. J. C. Bloom south Pine street.

Wm. H. A. Taylor who resides over on the South Side, met with an accident at the Crescent refractories company's hard clay mines yesterday which will confine him to his home for some weeks to come. While engaged at his work he fell from a derrick or crane and striking on his back injured himself as to become almost helpless. He was brought to town and given medical treatment.

Friends in this place of Howard Holt, a former resident, were notified the other day of his death, which occurred at Winburne, while engaged in working in the mines. The deceased lived on the Grampian road on the Sharp place prior to his removal to Winburne. Many Curwensville people will remember him as he became a host of friends during his residence in this neighborhood.

The relatives and friends of Lieutenant John H. Norris, clubbed together and gave him a genuine surprise on Christmas day. A handsome tree was smuggled into his home and trimmed with artistic taste to the amount of \$50, besides numerous other useful and ornamental presents.

Mrs. Jennie McNaull, who has been residing in Washington, D. C., this winter with a daughter, arrived in Curwensville in time to spend Christmas day with her sons and daughter, who reside in town.

Carl Devore, a Curwensville boy who left this town some sixteen years ago to work out a fortune for himself, spent a few days in town this week. He now resides in Altoona.

Frank Farley and wife who have resided in Akron, Ohio, for the past six months have returned to Curwensville. They will remain here until the spring months at least.

George Hile is confined to the house suffering from a severe attack of indigestion.

BAPTIST CHURCH

H. C. W. Smith, M. A. Minister. Bible School at 10:00 A. M. Morning Worship at 11:00 A. M. "Memories" will be the topic. Evening Worship at 7:30. "Ideals that Make for Life in 1921."

SCENE SHOWING BLOWN SAFE AT THE CURWENSVILLE POST OFFICE.

CROOKED TRAILS AND STRAIGHT

The second chapter of this serial will be printed Monday. If you have not started this absorbing story look up yesterday's paper and start it.

WEEK OF EVENTS IN LABOR WORLD BEGINS MONDAY

WASHINGTON, Dec. 28.—Events that may have a vital bearing on the industrial situation in the United States are scheduled for the last week of 1919. On the outcome of these events, which will get under way Monday, hinge the hopes of government officials that 1920 will prove a year of industrial peace and record production. The events will be the direct result of President Wilson's industrial commission appointed to work out the difficulties between capital and labor.

The first meeting of the three man tribunal called to investigate the coal controversy will be held Monday. Railroad union leaders will meet to outline their demands for increased wages.

The industrial commission will propose a new set of machinery for preventing strikes.

PACKING PERFUMED JAGS

Hair tonic jags were very much in evidence in bibulous circles during the present holiday season, and several of the "extra dry" ones, are of the opinion, so it is said, that a crop of hair has begun to sprout all along their parched and thirsty throats.

If this tendency to drink the bartender's tonics and lotions keeps up, several of our up-to-the-minute, sophisticated artists expect to develop drinking artists to the other junk kept on hand for the fastidious customer. It is said to be not uncommon in some shops to have one waiting customer say to another while the bartender is cutting through a forest of whiskers to get at him "Will you join me in a little hoot of Pinard's?" It is said to be exquisitely perfumed, but backs an awful kick, while the morning after is almost insupportable.

WEST SIDE M. E. CHURCH TOMORROW

Tomorrow will be Christmas Sunday at the West Side M. E. Church. In the morning there will be a Christmas sermon by the pastor with appropriate music.

In the evening the choir, under the direction of R. S. Nightingale will render "The Light Eternal," a Christmas cantata by H. W. Peble. The choir will be accompanied by a ten-piece orchestra under the direction of Prof. Oscar W. Schaefer.

Other services at the usual hours.

McKIE SAYS

HEY! WHAT TH' SAM HILL O'DA MEAN COMIN' IN HOULDERING LIKE A BULLSHOOTER! WHAT IF WE DID SEND NA A STATEMENT! MIGHOSH! WE HAFTA PAN OUR BILLS, SO WHY SHOULDN'T YOU PAN HOURS, I ASK TH' WORLD! HOW COMES?

HIGH HEELS TABOO AMONG GIRLS OF STATE COLLEGE

STATE COLLEGE, Pa., Dec. 27.—The necessity for wearing "sensible shoes"—the flat-heeled variety—has been impressed upon the women students at the Pennsylvania State College, and the demand for them has exhausted the supply of local shoe leaders. Orders have been placed with eastern jobbers for a large number of the hygienically approved styles for use by the Penn State College "outdoor" girls.

The call for sensible shoes has been so insistent that the recent investment of a local repairman in a large number of new styles in "French" heels has proved an almost total loss. The 200 students are all striving to finish 100 miles of hiking before the end of January and they claim that "it cannot be done with French heels." Then too, they get daily lessons in hygiene and physical development and are being taught their high heeled walking shoes to the rubbish box just as soon as they show signs of wear.

Practically all of the 300 women students at the College are now wearing "flats" or have their order in for a pair. The idea was introduced through the Y. M. C. A. campaign for sensible shoes, and the efforts of Miss M. Elizabeth Bates, head of the Department of Hygiene and Physical Education for Women.

SHERIFF GORMAN ENTERTAINS

Sheriff Gorman entertained his guests at the County Jail on Christmas, fourteen adults and one juvenile making up the total.

The world is no doubt growing better daily, now that they have really taken to deporting the "Bullshooters" back to Russia and other foreign climes but the heaven does not appear to be working as rapidly as one would like to see it, because the population of the county jail on Christmas of 1918 was but seven in excess of this year's figures or even 22. One DuBois man participated in two Christmas dinners at the expense of the county. He was at the head of the table in 1918 and as his sentence runs until the prohibition amendment becomes law, he also occupied the place of honor at this year's Christmas feast.

DUBOIS SCOUTS WIN

The Dubois Boy Scouts basketball team came over to Clearfield last evening and succeeded in walloping "our" pet's after a strenuous battle at the High School gym, by a score of 15 to 12. We have searched through all our knowledge of the game, canvassed all the "ifs," "whys" and "wherefores" in search of an alibi for the local kiddies, but being unable to find one to fit the occasion, must confess that our fellows lost because the Dubois boys played the best basketball.

WILL OPPOSE ANTI-STRIKE LAWS

CLEVELAND, Dec. 26.—Railroad brotherhoods will make every effort to prevent anti-strike legislation from going into effect with the return of the railroads Wm. F. Lee, President of the Trainmen said today. Such legislation is provided for in the Cullen bill now before Congress.

HUGHES—PIKE

M. Stanley Hughes of Clearfield and Miss Leah G. Pike, of Woodland, were united in marriage at the Trinity Methodist parsonage at ten o'clock this morning by Rev. W. W. Hartman who used the ring ceremony in tying the nuptial knot. They will reside in Akron, Ohio, where the groom holds a lucrative position. A host of friends wish them much happiness.

WILL BECOME NURSE

Miss Marjorie Snyder daughter of Mr. and Mrs. G. W. Snyder of Woodland, Pa., has been accepted at the Bradford Hospital for training. Miss Snyder will be admitted with the January 1st, 1920 class.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

(By REV. F. B. FITZWATER, D. D., Teacher of English Bible in the Moody Bible Institute of Chicago.) (Copyright, 1918, Western Newspaper Union)

LESSON FOR DECEMBER 28

REVIEW: THE TRAINING OF PETER AND JOHN.

GOLDEN TEXT—Ye shall be my witnesses.—Acts 1:8. SELECTION FOR READING—I John 1:1-9. PRIMARY TOPIC—Two Strong Friends of Jesus. JUNIOR TOPIC—Witnesses for Jesus. INTERMEDIATE TOPIC—Steps in the Training of Peter and John. SENIOR AND ADULT TOPIC—Qualified to Serve.

A good way to review the lessons of the six months' course of study in the lives of Peter and John will be to arrange them under three heads, as follows: I. Their Call; II. Their Training; III. Their Service. The first half of the studies, the part we have now completed, have had to do with the calling and training of Peter and John. The last half, the lessons for the first quarter of 1920, will have to do with their service.

1. Their Call. Before Christ trains for service he calls to salvation.

2. To be fishers of men (Lesson 2: Mark 1:14-20).

It would seem that after their conversion the disciples had gone back to their trade of fishing. Those who are called by Christ unto salvation should go back to their ordinary callings in life, if they be honorable, until he definitely calls them into special service.

11. Their Training. 1. Jesus in Peter's home (Lesson 3: Mark 1:29-39).

Christ's entry into Peter's home and the healing of his wife's mother showed to his disciples that he was a sympathizing Saviour.

2. A lesson in trust (Lesson 4: Matt. 14:22-33).

The pressing and abiding need of the disciples in their ministry was to trust the Lord.

3. Peter's great confession (Lesson 5: Matt. 16:13-24).

The Lord had been revealing himself in various ways to the disciples. He now examined them to see what they knew about himself. Peter, as spokesman for the rest of the disciples, confessed both the Messiahship and Deity of Christ.

4. Witnesses of Christ's glory (Lesson 7: Luke 9:28-36).

The disciples were afforded at the revelation of the cross; their hope was shattered because they could not see beyond the cross. The transfiguration convinced them not only of his essential glory, but gave them a fore-glimp of his triumph in his coming kingdom (II Peter 1:16-18).

5. Jesus corrects John's narrowness (Lesson 8: Luke 9:46-56).

The disciples needed to know that all who are really doing the Lord's work, casting out devils, and casting them out in Christ's name, should be received into fellowship and hidden Goodwill. Religious intolerance is displeasing to Jesus.

6. Jesus teaches true greatness (Lesson 9: John 13:1-16).

The truly great are those who take the lowest place in service for others.

7. Peter and John asleep in Gethsemane (Lesson 10: Mark 14:32-42).

Though Christ was suffering the awful agony in the garden, his disciples were asleep. Because they did not watch and pray, they failed in the hour of temptation.

8. At the trial crucifixion and resurrection of Jesus (Lesson 11: John 18:15-18; 19:25-27; 20:1-10; 21:15-19).

Peter's presumptuous self-confidence kept him from heeding the Lord's warning. He played the coward and even indulged in oaths. Note the steps in Peter's downfall: (1) Self-confidence (Mark 14:29). Jesus had just told them that all of them should be offended, but Peter was determined to show the Lord that he was mistaken in him. (2) Failure to watch (Mark 14:37). Self-confidence is always followed by unworthiness. One who thinks himself strong will go to sleep. (3) Failure to pray (Mark 14:38). It is the one who recognizes his weakness who always seeks the communion of God in prayer. (4) Zeal without knowledge (Mark 14:47). Peter thought now to make up for his lack of watchfulness and prayer by outward zeal. Many today are equally foolish. (5) Following afar off (Mark 14:54). Christ's rebuke of Peter for his ignorant zeal cut him to the quick. He was not ready to forsake him, but followed afar off, no longer wondering what would be the outcome. (6) Warning himself at the enemies' fire (Mark 14:54). (7) Open denial (Mark 14:66-72).

Two American fliers recently passed over the town of Ensenada de Todos Santos del Distrito Norte de la Baja California and dropped exhausted.

A Western post says he has succeeded in reducing the cost of living to a nominal sum, but his greatest difficulty is in securing the nominal sum.

"LAW AND ORDER" BE CAMPAIGN CRY OF REPUBLICANS

NEW YORK, Dec. 27.—In the campaign of political leaders in New York city, one big issue of the coming year, identical campaign is settled. The Republican party, they assert, will be the champion of conservative policies. "Law and order" will replace the "full dinner pail." The Democrats, according to the same political prophets, will be compelled by circumstances and by their greatest leaders to adopt a so-called "liberal" platform.

The campaign of 1920, if these forecasts are correct, will be between the advocates of Conservatism and Liberalism, disguised by the old party labels. Although there has been a growing tendency in the East to make the Republican policy one of "safe" and "conservative," that has not met with very strong support in the Far West. Progressive Republicans in the Senate and Middle West are considered to be as hostile to a conservative Republican party as many of them are to the league of nations. But the leadership of the Republican party today lies east of Ohio, and in the opinion of men who guide the destiny of parties, that eastern leadership is conservative.

Liberalism Fatters Radicalism

It is in power today. It furnishes the campaign funds. It directs the political strategy. It sees the fact that 1920 is a Republican year. It will take no chances with policies of with new political leaders. It is conservative today and will remain conservative, because this leadership believes that the pendulum of public sentiment in the United States is swinging decidedly against radicalism, and they interpret radicalism as liberalism in action.

The Democratic party, under the leadership of President Wilson, has been, or has attempted to be, a liberal party, although the last few months, with the change in public sentiment, the administration leaders have been endeavoring to conserve their liberal tendencies, and the liberals of the country, who had hope in the Democratic party, have now abandoned it. So have the conservative Democratic leaders. The latter have not done so openly because there are still political leaders in the Democratic party who hope to make it the progressive conservative party in the next campaign.

Divisions in Both Parties

The more one knows of political discussion in New York city, the more one is impressed by the fact that both parties are decidedly divided by liberalism and conservatism. In the Republican ranks there are Senators Lodge and Borah, both Republicans, but one is as conservative as New England, and the other as liberal as the Pacific coast. Again, as an example, there are Senators Penrose and Johnson, a conservative and a progressive. Among the Democrats there is the same split. William J. Bryan and James W. Gerard belong to the same party and supported President Wilson, but the problem is: Where will they be in 1920? Is it not possible that even President Wilson is too conservative today for Mr. Bryan or William Randolph Hearst? Despite the fact that the parties are divided, there never was a greater effort made to keep them united. There has been no open split among the Republicans or the Democrats, but many threats have been made privately that few political leaders today expect the rails to remain closed from now until election day.

CAN'T SCARE TRUE LOVERS

Old High Cost of Living doesn't appear to have much of the Indian sign on the young men of Clearfield county, that is if one can judge of young men's courage by the marriage license records. In Register and Recorder Chase's office.

December, with its Christmas holiday season, has always been a "month of brides," when it came to "marrying and giving in marriage." The records in Mr. Chase's office show that thus far in December there have been 59 licenses issued, with one fourth of the month yet to be heard from.

The high cost of living, which is supposed to be interfering with marriages generally, does not even jar our boys this year. During December, 1918, there were but 40 licenses issued.

If he is shying off, girls, show him what these other fellows are doing.

ARKANSAS RIOTERS SAVED BY APPEAL

LITTLE ROCK, Ark., Dec. 27.—Electrocution of three negroes convicted to die today for participation in the uprising of Elaine, Ark., last October was postponed 60 days when Attorneys filed notice of an appeal to the Supreme Court. Six negroes sentenced to die January 2, also are affected.

SOME HIP FULL!

CHICAGO, Dec. 27.—The band thieves which entered the S. I. Schenker's Liquor store had a Christmas. They escaped with \$4,000 worth of liquor and wine.

AN OUTRAGE

That United States War Risk Insurance Bureau sure does have some funny guys connected with it. At least some of the things which emanate therefrom are really downright humorous. Here is a case in point.

Harry E. Thompson, Jr., a Pittsburgh boy, came to Clearfield with the old Eighteenth N. G. P. regiment. During the time the regiment was doing guard duty in this section Thompson was married to Miss Stella Shafer, of Curwensville. He went to France with the 28th Division and according to his story was detailed August 11, 1918, at Fismuth to go back of the lines and secure some ammunition for his company. (Lester Carson who received the D. S. C. was rewarded for his conduct on this same detail.)

Thompson suffered several broken ribs while on this duty and was sent to a hospital and as he did not return was marked on the books of his company as a deserter under fire. When he recovered from his injuries he was discharged from the hospital and as his regiment and company had long since advanced beyond that section, he was sent on replacement to an artillery company and served there until the armistice was signed.

Following the cessation of hostilities Thompson was located and arrested for desertion from his infantry company and after a court martial hearing was sentenced to twenty years imprisonment in a military prison. He was then sent with a detail of prisoners to Governor's Island, N. Y., and is now confined in the prison at Fort Jay, New York.

Following Thompson's disappearance from his company at Fismuth all track of him was lost and despite the fact that his wife made every effort to have him located no information beyond the fact of his having been wounded August 11, 1918 was given her until after the husband arrived in this country a prisoner.

After his marriage Thompson made his usual \$15 per month allotment to his wife, to which the government added a like amount. This allotment was received by Mrs. Thompson up to July, 1919, when it suddenly stopped.

Now comes the real joke. Under date of December 17th Mrs. Thompson is advised by letter from the War Risk Bureau that her husband died July 11, 1918, and as the Bureau had paid her \$30 per month allotment until July 1, 1919, she therefore owed the government \$320 and must make immediate repayment of same. This, too, despite the fact that Thompson had taken out a \$10,000 life insurance policy upon which no effort had been made to liquidate.

Congressman Evan J. Jones, of this district, and M. Clyde Kelley, of Pittsburgh, have been working for several months to have Thompson's case reviewed by the War Department with a view to having the real facts determined and the young man released from prison and these gentlemen were each sent a copy of the War Risk Bureau's joke communication by L. C. Norris, Esq., who is

looking after the matter for Mrs. Thompson. Mr. Norris says they are willing to pay back the asked for \$320 but if their man has been dead since July, 1918, they are certainly entitled to his \$10,000 life insurance. It is to laugh. What?

OUR TROUBLES

The Progress has been making an uphill fight to combat the high cost of manufacturing for the last year. Up to this time, thanks to the fine support given it by subscribers and by advertisers, it has been able to pay expenses and from time to time add new worthwhile features which make it truly representative of the city. Unprecedented holiday business made it possible for The Progress to get through the month of December with its increased expenses. Could we do business at the same cost from now on we could still exist and maintain our present standard but bills we cannot do as we were notified yesterday of still further advances in the cost of newspaper. This advance is beyond all expectations and amounts to over fifty per cent. above our December cost.

The Progress must cease publication at once or get a larger revenue for its product as every day we operate under present conditions we will lose money. As it stands today the paper we use in a year's issue is costing us more than we get for the subscription. Advertising cannot pay for everything and we believe that our readers will stand back of us in our next step which must surely be a slight increase in rates. Just what the increase will be will be announced within a few days.

Today's issue is very small—only four pages—and while we anticipate very few such small issues we are doing this today mainly out of the necessity for conserving our supply of paper. Up to this time we have had an ample supply but in line with all other papers we must begin to cut down the amount of paper we use.

We are not cutting down on the news. We get around this by setting type in a smaller space, using the regular sized type in a more condensed style. The Progress may not look quite the same in its new dress but you will find that as a desert after the evening dinner it will have the same flavor.

QUICKER, THAT'S ALL

The nation will be astounded at the toll taken by alcohol in the last two days. It will demand that the punishment of those who sold such poison for beverage purposes will be swift and sure and no doubt in many instances the wood alcohol has been taken by many who were not familiar with its poisonous qualities or who thought a little would not hurt. To our knowledge most of the wood alcohol and hair tonics which have been consumed in this section have been imbibed by those whose thirst for strong drink was stronger than will power.

There is reason to be alarmed over so many deaths thru wood alcohol poisoning but a comparison of the death rate for legitimate alcoholism during the same period of prohibition days would be interesting and no doubt would compare favorable with pre-dry days even with the wood alcohol victims thrown in.

Wood alcohol is quicker, that's all.

Send The Progress.

NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more yawning, sniffling, mucous discharge, headache, dryness—no struggling for breath at night, your cold or catarrh is gone.

Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head, soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.

Stop this!

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best, alimentary tract, before putting more soap and water into the stomach. A bath from the system. Girls and women with sallow skins, dry, waste, our remittances and not liver spots, pimples or pallid complexions begin before it is absorbed into the blood. Just as coal, when it burns, coats the tongue, bad taste, nasty breath, leaves behind a certain amount of indigestible material in the form of bilious spells, acid stomach or constipation. The food and drink taken each day have in the alimentary organs a water drinking and are assured of very certain amount of indigestible material, pronounced results in one or two weeks, which if not eliminated, forms toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body. A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act upon the inside organs. We must always be clearer and clearer, you are told to consider that internal sanitation is as important as the outside cleaning. Every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste bowel pores clean, sweeter and purifying the entire system. Women who desire to enhance the beauty of their complexion should just try this for a week and notice results.

SAFEGUARD YOUR STARTING & LIGHTING SYSTEM

with an
Exide
BATTERY

PREPAREDNESS is a big word—a word of importance to every motorist.

Don't wait until your car is stalled to think about the battery that furnishes power for your starting system.

Now is the time to equip your car with an "Exide" Battery.

Years of service have proved the absolute dependability of the "Exide" Battery. It is the original "Unit-Seal" battery—no bulky sealing compound, maximum power, easy to care for, easy to inspect and repair.

Let us show you the "Exide" and explain its many exclusive features. Remember an "Exide" means "A Sure Start Assured."

Find out the condition of your battery. We inspect all makes of batteries free of charge.

The Factory, The Facilities The Institution Behind The Car

One of the most important factors to consider in buying an automobile is the factory behind the car.

The plant of the Hudson Motor Car Company at Detroit is the largest factory in the world devoted exclusively to the manufacture of fine automobiles. It covers more than twenty-six acres of ground and includes more than 1,000,000 square feet of manufacturing space.

Within its walls there are carried on more than 10,000 different operations necessary in building Hudson cars, the perfection of its equipment assuring the high quality of its output. Material is purchased in the immense quantities necessary to make possible the turning out of a car of the highest quality at the lowest possible price.

These facilities make possible the manufacturing efficiency, the result of which is the delivery of such extraordinary value that the Hudson Super-Six has become the most popular and the largest selling fine car in the world.

In addition the Super-Six has a patented motor obtainable in no other car. By the use of an exclusive principle the power is increased 72 per cent without any increase in weight or the sacrifice of simplicity.

To obtain a Hudson, even for delivery next year, it is necessary to act now as the demand has always been greater than the supply and our allotment is strictly limited.

CURWENSVILLE

Andrew Brossler, who has been staying over in Centre county for several months undergoing medical treatment, was home and spent Christmas with his parents, Mr. and Mrs. George Brossler. He was wounded and gassed while fighting in France and has not been in good physical condition since his return to this country. It is altogether probable that he will lose the sight of one of his eyes caused by the thrust of a bayonet.

Mrs. Thomas Beemth, of Ridge avenue, is confined to her home suffering from a broken ankle. She went out of the back door the other day and in going off the porch she slipped and fell on a slippery walk, causing the unfortunate accident.

Master Eddie Crownover is prevented from enjoying his Christmas holidays from the fact that he is confined to his home on Thompson street by an attack of chickenpox.

Mrs. Wright and daughter, of Clearfield, spent Christmas day in Curwensville as guests in the home of Mr. and Mrs. C. S. Russell.

R. M. Hess engaged as an engineer for the C. V. S. company, with headquarters at Clymer, spent several days of this week with his parents in this place. He is an overseas man who was close to the firing lines and witnessed some strange sights before being released from the service.

Willard McNaul, a jobbing agent for the Empire Rubber and Tire company, at Detroit, Mich., is home for the holiday week with his parents Mr. and Mrs. Al McNaul, East Main street.

Robert Moore, a resident of Kerrmoor, aged about 67 years, died a few days ago at his home. He was a son of W. L. Moore, of Ferguson township. About eleven years ago he was stricken down with a malady which practically made an invalid of him since that time. He was married to a Miss Shaw. The widow and a family of grown up children survive him. His remains were buried in Mt. Zion cemetery.

Miss Harriet McCloskey, one of the nurses in the Clearfield hospital, spent Christmas day with the family of Mr. and Mrs. James L. Smith. She is a daughter of Mr. and Mrs. Howard McCloskey, of upper Ridge avenue.

Mrs. Annie Guelker has been installed in the undertaking establishment and furniture store of James L. Smith as clerk and bookkeeper.

Miss Mahel Leonard, who occupies a clerical position at Benderville, Adams county, is home for the holiday week.

Mrs. Reuben Ellinger, son and daughter, of Luthersburg, are spending the weeks end in the family of Mr. and Mrs. V. H. Bloom, west George street.

An infant of Mr. and Mrs. Benjamin Kimes died on Christmas morning.

William Garlock, who is employed at Warren, Ohio, came home to spend the week's holidays with his family and other kin folks.

Workman's bread saves you 2 cents on every loaf. A 15c loaf for 13c.

Little "After-Thought" GIFTS

Someone sent you a gift that you did not expect and you feel in duty bound to return the compliment either now or at New Years.

The "Gift Section" will be held intact for a day or two so that you may have an opportunity to buy these little gifts between now and New Years.

There are plenty of little gifts that are appropriate and within the compass of an "after-Christmas" purse.

DRIGGS THEATRE Tonight William Farnum in "WOLVES OF THE NIGHT"

It takes a strong man to "come back" after he has been insane five years; has been robbed of wife and fortune; has been victim of a plot to murder. Such a man is Bruce Andrews, hero of a remarkable photoplay of romance, crime, high finance and vengeance. And WILLIAM FARNUM plays the hero. It is a play worthy of the star—a star worthy of the play. A story that carries the spectator into the heart of the great Northwest into the mysteries of South America, and into the whirlpool of Wall Street. It is a powerful story and with that virile actor, WILLIAM FARNUM in the leading role, it is a feature worth walking miles to see!

KEEP Your Car Running

Winter has no terrors for the motorist who uses Johnson's Freeze-Proof in his radiator.

He can run his car in the coldest weather and leave it all night in an unheated garage. The radiator can't freeze if Johnson's Freeze-Proof is used according to directions.

Johnson's Freeze-Proof is non-evaporating and non-inflammable. It will not harm metals or rubber.

CUT THIS OUT—IT IS WORTH MONEY

DON'T MISS THIS. Cut out this slip, enclose with 5c and mail it to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup; Foley Kidney Pills for pain in sides and back, rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic, for constipation, biliousness, headache, and sluggish bowels.

IF KIDNEYS AGT BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat, which forms uric acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid, which overworks the kidneys in their effort to filter it from the blood and they become paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, too to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness. Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful effervescent lithia-water drink.

A 15c loaf for 13 cents is the Workman way of saving for you.

HOW HE ENDED KIDNEY TROUBLE

"I had a severe attack of kidney trouble and for three weeks could not get out of doors and scarcely out of bed," writes C. E. Brewster, Village Springs, Ala. "Could not bend over at all without the most excruciating pains. I purchased a bottle of Foley Kidney Pills. Was relieved after first few doses and continued their use until completely cured. I consider Foley Kidney Pills the best kidney remedy in the world. No recurrence of my trouble."

Bring Your Gift Check Here

You may have received gifts of money with instructions to buy what you want.

Whether you are a man or a woman there is some little thing you wish you had gotten as a gift. And now you can gratify that desire by coming here and getting it.

Both sections of the store—men's and women's—holds a vast number of articles that you'll like.

A MIRKIN

Ladies! Darken Your Gray Hair

Look years younger! Use Grandmother's recipe of Sage Tea and Sulphur and nobody will know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color, dates back to Grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning

NUMBER 142

Wood Alcohol Takes Heavy Toll Of Life

Over Fifty Deaths In Two Days Swells Total Since Prohibition Became Law

MANY MORE BUT NOT REPORTED

At least 128 persons dead and 149 blind or seriously ill is the toll of wood alcohol since prohibition went into effect according to statistics gathered from various cities today.

The toll was swelled by 57 deaths in the last two days from poisoned whiskey in four New England cities.

The casualties by cities are: New York 52 dead, 100 seriously ill; Chicago, Mass., 35 dead, 7 ill; Hartford, Conn., 13 dead, 8 ill; Holyoke, Mass., 6 dead, 7 ill; Chicago 4 dead, 6 ill; Newark, N. J., 5 dead, Springfield, Mass., 3 dead, 5 seriously ill; Cleveland, 3 dead, 15 ill; Syracuse, N. Y., 2 dead; Emporium, Pa., 2 dead; Richmond, Va., 1 dead.

NEW YORK, Dec. 27.—Federal state and city officials were co-operating today in their search for the persons who mixed wood alcohol with whiskey causing the death of at least 30 persons in Conn and Mass. and the

serious illness and blindness of a score of others. The authorities were said to have learned that twelve barrels of this beverage was manufactured in the Bronx and sold to New England dealers for \$1,000 a barrel. Arrests are expected to be made shortly.

HARTFORD, Conn., Dec. 27.—Thirteen persons are dead and 8 are in a serious condition here as the result of drinking whiskey containing wood alcohol. Two of the deaths occurred early today and physicians said that others might occur within a few hours.

CHICAGO, Ill., Dec. 27.—Four men were dead and six others are in a serious condition as the result of drinking wood alcohol.

CLEVELAND, Ohio, Dec. 27.—Fifteen are in a hospital today from drinking wood alcohol. Three deaths from alcohol this week is the total. Council is to vote Monday night on restrictive measures.

CONFISCATED NEW SUIT OF CLOTHES LANDED IN JAIL

William Davis, a gentleman of color from some place south of Mason and Dixon's famous line, dropped into Woodland a short time ago and got a job at one of the brick plants there. He evidently decided the climate was a little too cold for him, as yesterday morning he boarded the Pennsy train for Tyrone without acquainting anybody with his plans.

Before leaving he visited the room of William Priso during the latter's absence, and promptly attached himself to Priso's \$50 overcoat and brand new suit of equal value. When Priso discovered his loss he informed Constable Barger who in turn notified Sheriff Gorman. The Sheriff had his friend Capt. Al Barr of the Pennsy, nab Davis when he arrived at Tyrone.

Constable Barger went to Tyrone and brought Davis and the clothes back to Clearfield jail last evening. The prisoner made a desperate effort to get out of the lockup at Tyrone but was caught in the act and had his labor for his pains.

He will plead guilty to a larceny charge at Monday morning court and will no doubt secure a position on the states construction work at Rockview following his sentence with Judge Bell.

OFFICERS INSTALLED

Yesterday afternoon the Ladies Auxiliary of the Brotherhood of Railway Trainmen installed the following officers:

President Nettie Mitchell; Vice President, Harriet Atack; Treasurer, Laura Graham; Secretary, Hannah Graham; Conductress, Annie Williams; Foreward, Annie Berry; Outward, Shunkweiller; Chaplain, Maud Ammerman; Counselman, Billie Williams; Billie Williams delivered an address.

DIED FROM FALL DOWN STAIRS

Christ Hartzfeldt, one of Bloom township's best known citizens and most successful farmers, died last night about 8 o'clock as the result of a fall down stairs at his farm home on the Curwensville-DuBois pike about three miles beyond Grampian.

He was about 68 years of age and is survived by his widow, four daughters and three sons. Misses Marie and Florence Hartzfeldt who reside in Clearfield are daughters of the deceased.

TRINITY METHODIST CHURCH

The sacrament of the Lord's supper will be administered tomorrow at both the morning and evening services. In the evening the choir will repeat by request portions of the Christmas cantata "Holy Night."

Sunday school 9:30 a. m. Junior League 2:30 p. m. Epworth League 8:30 p. m. A cordial invitation to all the services of the church.

STOCK OPENINGS

NEW YORK, Dec. 28.—The market was irregular at the opening today. Studebaker opened at 104 1/2 up 1 1/2. Mexican Petroleum at 22 1/2 up 1 1/2. Republic Steel at 106 7/8 up 1 1/4. United States Steel at 106 1/8 up 1 1/8.

"SUNSHINE" WILL BE DRIGGS' OFFERING NEXT TUESDAY

At the Driggs Theatre Tuesday night, Richard Carle and a fine supporting company will open a one night engagement in Alexander Johnston's latest and greatest musical comedy success, "SUNSHINE," which comes to Clearfield direct from a popular run of three months in Chicago. Theatre goers are fortunate in being able to see this delightful entertainment so early in the season, as it has been acknowledged by all who saw it in Chicago to be the best musical comedy produced this winter.

"SUNSHINE" is said to contain every element which goes to make up complete musical comedy popularity. The musical score, composed by Mr. Johnston, who also wrote "FIDDLERS THREE" and numerous other musical comedy offerings, is far above the average of such productions, containing any amount of beautiful melodies, as well as the lighter brands of music. Some of the song numbers of "SUNSHINE" which now are being sung and whistled wherever the production has been seen, are "Love is Like This Little Wheel of Mine," "Home Again, Home Again," "Something Nice in Lingerie," "Look Around Little," "The Idol of the Ring," "Sufferin' Vampires," "Treat 'Em Rough," and "The Land of Make Believe." As most of the principals of the "SUNSHINE" company were selected with special reference to their vocal equipment, as well as to their acting ability, Mr. Johnston's charming melodies are done full justice to.

The libretto is also unusually attractive—the work of William Carey Lawrence and has not only a good plot which holds the interest throughout the action of the play, irrespective of the musical numbers, but it has too a generous allotment of real comedy. Additional merit has been added to the libretto by means of various and sundry "colloquialisms," which were furnished by Mr. Carle, who scintillates in his own delightful way in "SUNSHINE" as an American life insurance agent, wandering about in search of clients and adventures in sunny Spain.

DANIELS WILL IGNORE SIMMS LETTER

WASHINGTON, Dec. 27.—Secretary Daniels will leave unanswered the letter of Admiral Simms refusing to accept the distinguished service medal because of alleged unfairness in distribution of the navy war honors, Daniels declared today.

Additional Curwensville

Lemone Bloom, an insurance engineer working for the Underwriters' association, with headquarters in New York City, is home for the holiday week with his parents "Squire" and Mrs. J. C. Bloom south Pine street.

Wm. H. A. Taylor who resides over on the South Side, met with an accident at the Crescent refractories company's hard clay mines yesterday which will confine him to his home for some weeks to come. While engaged at his work he fell from a derrick or crane and striking on his back injured himself as to become almost helpless. He was brought to town and given medical treatment.

Friends in this place of Howard Holt, a former resident, were notified the other day of his death, which occurred at Winburne, while engaged in working in the mines. The deceased lived on the Grampian road on the Sharp place prior to his removal to Winburne. Many Curwensville people will remember him as he became a host of friends during his residence in this neighborhood.

The relatives and friends of Lieutenant John H. Norris, clubbed together and gave him a genuine surprise on Christmas day. A handsome tree was smuggled into his home and trimmed with artistic taste emblematic of that holiday. Among the other trimmings were bank notes to the amount of 50, besides numerous other useful and ornamental presents.

Mrs. Jennie McNaull, who has been residing in Washington, D. C., this winter with a daughter, arrived in Curwensville in time to spend Christmas day with her sons and daughter, who reside in town.

Carl Devore, a Curwensville boy who left this town some sixteen years ago to work out a fortune for himself, spent a few days in town this week. He now resides in Altoona.

Frank Farley and wife who have resided in Akron, Ohio, for the past six months have returned to Curwensville. They will remain here until the spring months at least.

George Hile is confined to the house suffering from a severe attack of indigestion.

BAPTIST CHURCH

H. C. W. Smith, M. A. Minister. Bible School at 10:00 A. M. Morning Worship at 11:00 A. M. "Memories" will be the topic. Evening Worship at 7:30. "Ideals that Make for Life in 1921."

SCENE SHOWING BLOWN SAFE AT THE CURWENSVILLE POST OFFICE.

CROOKED TRAILS AND STRAIGHT

The second chapter of this serial will be printed Monday. If you have not started this absorbing story look up yesterday's paper and start it.

WEEK OF EVENTS IN LABOR WORLD BEGINS MONDAY

WASHINGTON, Dec. 28.—Events that may have a vital bearing on the industrial situation in the United States are scheduled for the last week of 1919. On the outcome of these events, which will get under way Monday, hinge the hopes of government officials that 1920 will prove a year of industrial peace and record production. The events will be the direct result of President Wilson's industrial commission appointed to work out the difficulties between capital and labor.

The first meeting of the three man tribunal called to investigate the coal controversy will be held Monday. Railroad union leaders will meet to outline their demands for increased wages.

The industrial commission will propose a new set of machinery for preventing strikes.

PACKING PERFUMED JAGS

Hair tonic jags were very much in evidence in bibulous circles during the present holiday season, and several of the "extra dry" ones, are of the opinion, so it is said, that a crop of hair has begun to sprout all along their parched and thirsty throats.

If this tendency to drink the bartender's tonics and lotions keeps up, several of our up-to-the-minute, sophisticated artists expect to add individual drinking cups to the other junk kept on hand for the fastidious customer.

It is said to be not uncommon in some shops to have one waiting customer say to another while the barber is cutting through a forest of whiskers to get at him "Will you join me in a little hoot of Pinard's?" It is said to be exquisitely perfumed, but backs on awful kick, while the morning after is almost insupportable.

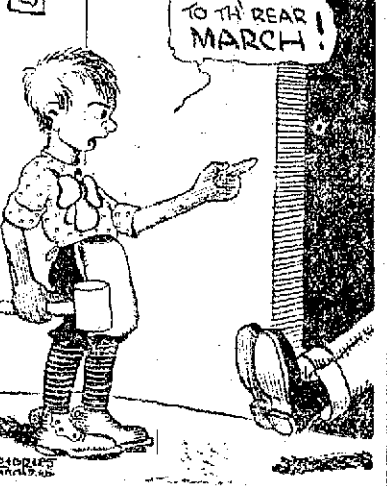

WEST SIDE M. E. CHURCH TOMORROW

Tomorrow will be Christmas. Sunday at the West Side M. E. Church. In the morning there will be a Christmas sermon by the pastor with appropriate music.

In the evening the choir, under the direction of R. S. Nightingale will render "The Light Eternal," a Christmas cantata by H. W. Peble. The choir will be accompanied by a ten-piece orchestra under the direction of Prof. Oscar W. Schaefer. Other services at the usual hours.

McKIE SAYS

"HEY! WHAT TH' SAM HILL O'DA MEAN COMIN' IN HOULDERING LIKE A BULLSHOOTER! WHAT IF WE DID SEND NA A STATEMENT! MIGHOSH! WE HAFTA PAY OUR BILLS, SO WHY SHOULDN'T YOU PAY MINE, I ASK TH' WORLD! HOW COME?"

HIGH HEELS TABOO AMONG GIRLS OF STATE COLLEGE

STATE COLLEGE, Pa., Dec. 27.—The necessity for wearing "sensible shoes"—the flat-heeled variety—has been impressed upon the women students at the Pennsylvania State College, and the demand for them has exhausted the supply of local shoe makers. Orders have been placed with eastern jobbers for a large number of the hygienically approved styles for use by the Penn State College "outdoor" girls.

The call for sensible shoes has been so insistent that the recent investment of a local repairman in a large number of new styles in "French" heels has proved an almost total loss. The girls students are all striving to finish 100 miles of hiking before the end of January and they claim that "it cannot be done with French heels." Then too, they get daily lessons in hygiene and physical development and are being taught their high heeled walking shoes to the rubbish box just as soon as they show signs of wear.

Practically all of the 300 women students at the College are now wearing "flats" or have their order in for a pair. The idea was introduced through the Y. M. C. A. campaign for sensible shoes, and the efforts of Miss M. Elizabeth Bates, head of the Department of Hygiene and Physical Education for Women.

SHERIFF GORMAN ENTERTAINS

Sheriff Gorman entertained guests at the County Jail on Christmas, fourteen adults and one juvenile making up the total.

The world is no doubt growing better daily, now that they have really taken to deporting the "Bullshooters" back to Russia and other foreign climes but the heaven does not appear to be working as rapidly as one would like to see it, because the population of the county jail on Christmas of 1918 was but seven in excess of this year's figures or even 22. One DuBois man participated in two Christmas dinners at the expense of the county. He was at the head of the table in 1918 and as his sentence runs until the prohibition amendment becomes law, he also occupied the place of honor at this year's Christmas feast.

DUBOIS SCOUTS WIN

The Dubois Boy Scouts basketball team came over to Clearfield last evening and succeeded in walloping "our" pet's after a strenuous battle at the High School gym, by a score of 15 to 12. We have searched through all our knowledge of the game, canvassed all the "ifs," "whys" and "wherefores" in search of an alibi for the local kiddies, but being unable to find one to fit the occasion, must confess that our fellows lost because the Dubois boys played the best basketball.

WILL OPPOSE ANTI-STRIKE LAWS

CLEVELAND, Dec. 26.—Railroad brotherhoods will make every effort to prevent anti-strike legislation from going into effect with the return of the railroads Wm. F. Lee, President of the Trainmen said today. Such legislation is provided for in the Cullen bill now before Congress.

HUGHES—PIKE

M. Stanley Hughes of Clearfield and Miss Leah G. Pike, of Woodland, were united in marriage at the Trinity Methodist parsonage at ten o'clock this morning by Rev. W. W. Hartman who used the ring ceremony in tying the marital knot. They will reside in Akron, Ohio, where the groom holds a lucrative position. A host of friends wish them much happiness.

WILL BECOME NURSE

Miss Marjorie Snyder daughter of Mr. and Mrs. G. W. Snyder of Woodland, Pa., has been accepted at the Bradford Hospital for training. Miss Snyder will be admitted with the January 1st, 1920 class.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

(By REV. F. B. FITZWATER, D. D., Teacher of English Bible in the Moody Bible Institute of Chicago.) (Copyright, 1918, Western Newspaper Union)

LESSON FOR DECEMBER 28

REVIEW: THE TRAINING OF PETER AND JOHN.

GOLDEN TEXT—Ye shall be my witnesses.—Acts 1:8. SELECTION FOR READING—I John 1:1-9. PRIMARY TOPIC—Two Strong Friends of Jesus. JUNIOR TOPIC—Witnesses for Jesus. INTERMEDIATE TOPIC—Steps in the Training of Peter and John. SENIOR AND ADULT TOPIC—Qualified to Serve.

A good way to review the lessons of the six months' course of study in the lives of Peter and John will be to arrange them under three heads, as follows: I. Their Call; II. Their Training; III. Their Service. The first half of the studies, the part we have now completed, have had to do with the calling and training of Peter and John. The last half, the lessons for the first quarter of 1920, will have to do with their service.

1. Their Call. Before Christ trains for service he calls to salvation.

2. To be fishers of men (Lesson 2: Mark 1:14-20).

It would seem that after their conversion the disciples had gone back to their trade of fishing. Those who are called by Christ unto salvation should go back to their ordinary callings in life, if they be honorable, until he definitely calls them into special service.

11. Their Training. 1. Jesus in Peter's home (Lesson 3: Mark 1:29-39).

Christ's entry into Peter's home and the healing of his wife's mother showed to his disciples that he was a sympathizing Saviour.

2. A lesson in trust (Lesson 4: Matt. 14:22-33).

The pressing and abiding need of the disciples in their ministry was to trust the Lord.

3. Peter's great confession (Lesson 5: Matt. 16:13-24).

The Lord had been revealing himself in various ways to the disciples. He now examined them to see what they knew about himself. Peter, as spokesman for the rest of the disciples, confessed both the Messiahship and Deity of Christ.

4. Witnesses of Christ's glory (Lesson 7: Luke 9:28-36).

The disciples were afforded at the revelation of the cross; their hope was shattered because they could not see beyond the cross. The transfiguration convinced them not only of his essential glory, but gave them a fore-glimp of his triumph in his coming kingdom (II Peter 1:16-18).

5. Jesus corrects John's narrowness (Lesson 8: Luke 9:46-56).

The disciples needed to know that all who are really doing the Lord's work, casting out devils, and casting them out in Christ's name, should be received into fellowship and hidden Goodwill. Religious intolerance is displeasing to Jesus.

6. Jesus teaches true greatness (Lesson 9: John 13:1-16).

The truly great are those who take the lowest place in service for others. 7. Peter and John asleep in Gethsemane (Lesson 10: Mark 14:32-42).

Though Christ was suffering the awful agony in the garden, his disciples were asleep. Because they did not watch and pray, they failed in the hour of temptation.

8. At the trial crucifixion and resurrection of Jesus (Lesson 11: John 18:15-18; 19:25-27; 20:1-10; 21:15-19). Peter's presumptuous self-confidence kept him from heeding the Lord's warning. He played the coward and even indulged in oaths. Note the steps in Peter's downfall: (1) Self-confidence (Mark 14:29). Jesus had just told them that all of them should be offended, but Peter was determined to show the Lord that he was mistaken in him. (2) Failure to watch (Mark 14:37). Self-confidence is always followed by unworthiness. One who thinks himself strong will go to sleep. (3) Failure to pray (Mark 14:38). It is the one who recognizes his weakness who always seeks the communion of God in prayer. (4) Zeal without knowledge (Mark 14:47). Peter thought now to make up for his lack of watchfulness and prayer by outward zeal. Many today are equally foolish. (5) Following afar off (Mark 14:54). Christ's rebuke of Peter for his ignorant zeal cut him to the quick. He was not ready to forsake him, but followed afar off, no longer wondering what would be the outcome. (6) Warning himself at the enemies' fire (Mark 14:54). (7) Open denial (Mark 14:66-72).

Two American fliers recently passed over the town of Ensenada de Todos Santos del Distrito Norte de la Baja California and dropped exhausted.

A Western post says he has succeeded in reducing the cost of living to a nominal sum, but his greatest difficulty is in securing the nominal sum.

"LAW AND ORDER" BE CAMPAIGN CRY OF REPUBLICANS

NEW YORK, Dec. 27.—In the election of political leaders in New York city, one big issue of the coming year, identical campaign is settled. The Republican party, they assert, will be the champion of conservative policies. "Law and order" will replace the "full dinner pail." The Democrats, according to the same political prophets, will be compelled by circumstances and by their greatest leaders to adopt a so-called "liberal" platform.

The campaign of 1920, if these forecasts are correct, will be between the advocates of Conservatism and Liberalism, disguised by the old party labels. Although there has been a growing tendency in the East to make the Republican policy one of "safe" and "conservative," that has not met with very strong support in the Far West. Progressive Republicans in the Senate and Middle West are considered to be as hostile to a conservative Republican party as many of them are to the league of nations. But the leadership of the Republican party today lies east of Ohio, and in the opinion of men who guide the destiny of parties, that eastern leadership is conservative.

Liberalism Fatters Radicalism

It is in power today. It furnishes the campaign funds. It directs the political strategy. It sees the fact that 1920 is a Republican year. It will take no chances with policies of with new political leaders. It is conservative today and will remain conservative, because this leadership believes that the pendulum of public sentiment in the United States is swinging decidedly against radicalism, and they interpret radicalism as liberalism in action.

The Democratic party, under the leadership of President Wilson, has been, or has attempted to be, a liberal party, although the last few months, with the change in public sentiment, the administration leaders have been endeavoring to conserve their liberal tendencies, and the liberals of the country, who had hope in the Democratic party, have now abandoned it. So have the conservative Democratic leaders. The latter have not done so openly because there are still political leaders in the Democratic party who hope to make it the progressive conservative party in the next campaign.

Divisions in Both Parties

The more one knows of political discussion in New York city, the more one is impressed by the fact that both parties are decidedly divided by liberalism and conservatism. In the Republican ranks there are Senators Lodge and Borah, both Republicans, but one is as conservative as New England, and the other as liberal as the Pacific coast. Again, as an example, there are Senators Penrose and Johnson, a conservative and a progressive. Among the Democrats there is the same split. William J. Bryan and James W. Gerard belong to the same party and supported President Wilson, but the problem is: Where will they be in 1920? Is it not possible that even President Wilson is too conservative today for Mr. Bryan or William Randolph Hearst? Despite the fact that the parties are divided, there never was a greater effort made to keep them united. There has been no open split among the Republicans or the Democrats, but many threats have been made privately that few political leaders today expect the rails to remain closed from now until election day.

CAN'T SCARE TRUE LOVERS

Old High Cost of Living doesn't appear to have much of the Indian sign on the young men of Clearfield county, that is if one can judge of young men's courage by the marriage license records. In Register and Recorder Chase's office.

December, with its Christmas holiday season, has always been a "month of brides," when it came to "marrying and giving in marriage." The records in Mr. Chase's office show that thus far in December there have been 59 licenses issued, with one fourth of the month yet to be heard from.

The high cost of living, which is supposed to be interfering with marriages generally, does not even jar our boys this year. During December, 1918, there were but 40 licenses issued.

ARKANSAS RIOTERS SAVED BY APPEAL

LITTLE ROCK, Ark., Dec. 27.—Electrocution of three negroes convicted to die today for participation in the uprising of Elaine, Ark., last October was postponed 60 days when Attorneys filed notice of an appeal to the Supreme Court. Six negroes sentenced to die January 2, also are affected.

SOME HIP FULL!

CHICAGO, Dec. 27.—The band thieves which entered the S. I. Schenker's Liquor store had a Christmas. They escaped with \$4,000 worth of liquor and wine.

AN OUTRAGE

That United States War Risk Insurance Bureau sure does have some funny guys connected with it. At least some of the things which emanate therefrom are really downright humorous. Here is a case in point.

Harry E. Thompson, Jr., a Pittsburgh boy, came to Clearfield with the old Eighteenth N. G. P. regiment. During the time the regiment was doing guard duty in this section Thompson was married to Miss Stella Shafer, of Curwensville. He went to France with the 28th Division and according to his story was detailed August 11, 1918, at Fismuth to go back of the lines and secure some ammunition for his company. (Lester Carson who received the D. S. C. was rewarded for his conduct on this same detail.)

Thompson suffered several broken ribs while on this duty and was sent to a hospital and as he did not return was marked on the books of his company as a deserter under fire. When he recovered from his injuries he was discharged from the hospital and as his regiment and company had long since advanced beyond that sector, he was sent on replacement to an artillery company and served there until the armistice was signed.

Following the cessation of hostilities Thompson was located and arrested for desertion from his infantry company and after a court martial hearing was sentenced to twenty years imprisonment in a military prison. He was then sent with a detail of prisoners to Governor's Island, N. Y., and is now confined in the prison at Fort Jay, New York.

Following Thompson's disappearance from his company at Fismuth all track of him was lost and despite the fact that his wife made every effort to have him located no information beyond the fact of his having been wounded August 11, 1918 was given her until after the husband arrived in this country a prisoner.

After his marriage Thompson made his usual \$15 per month allotment to his wife, to which the government added a like amount. This allotment was received by Mrs. Thompson up to July, 1919, when it suddenly stopped. Now comes the real joke. Under date of December 17th Mrs. Thompson is advised by letter from the War Risk Bureau that her husband died July 11, 1918, and as the Bureau had paid her \$30 per month allotment until July 1, 1919, she therefore owed the government \$320 and must make immediate repayment of same. This, too, despite the fact that Thompson had taken out a \$10,000 life insurance policy upon which no effort had been made to liquidate.

Congressman Evan J. Jones, of this district, and M. Clyde Kelley, of Pittsburgh, have been working for several months to have Thompson's case reviewed by the War Department with a view to having the real facts determined and the young men released from prison and these gentlemen were each sent a copy of the War Risk Bureau's joke communication by L. C. Norris, Esq., who is

looking after the matter for Mrs. Thompson. Mr. Norris says they are willing to pay back the asked for \$320 but if their man has been dead since July, 1918, they are certainly entitled to his \$10,000 life insurance. It is to laugh. What?

OUR TROUBLES

The Progress has been making an uphill fight to combat the high cost of manufacturing for the last year. Up to this time, thanks to the fine support given it by subscribers and by advertisers, it has been able to pay expenses and from time to time add new worthwhile features which make it truly representative of the city. Unprecedented holiday business made it possible for The Progress to get through the month of December with its increased expenses. Could we do business at the same cost from now on we could still exist and maintain our present standard but bills we cannot do as we were notified yesterday of still further advances in the cost of newspaper. This advance is beyond all expectations and amounts to over fifty per cent. above our December cost.

The Progress must cease publication at once or get a larger revenue for its product as every day we operate under present conditions we will lose money. As it stands today the paper we use in a year's issue is costing us more than we get for the subscription. Advertising cannot pay for everything and we believe that our readers will stand back of us in our next step which must surely be a slight increase in rates. Just what the increase will be will be announced within a few days.

Today's issue is very small—only four pages—and while we anticipate very few such small issues we are doing this today mainly out of the necessity for conserving our supply of paper. Up to this time we have had an ample supply but in line with all other papers we must begin to cut down the amount of paper we use.

We are not cutting down on the news. We get around this by setting type in a smaller space, using the regular sized type in a more condensed style. The Progress may not look quite the same in its new dress but you will find that as a desert after the evening dinner it will have the same flavor.

QUICKER, THAT'S ALL

The nation will be astounded at the toll taken by alcohol in the last two days. It will demand that the punishment of those who sold such poison for beverage purposes will be swift and sure and no doubt in many instances the wood alcohol has been taken by many who were not familiar with its poisonous qualities or who thought a little would not hurt. To our knowledge most of the wood alcohol and hair tonics which have been consumed in this section have been imbibed by those whose thirst for strong drink was stronger than will power.

There is reason to be alarmed over so many deaths thru wood alcohol poisoning but a comparison of the death rate for legitimate alcoholism during the same period of prohibition days would be interesting and no doubt would compare favorable with pre-dry days even with the wood alcohol victims thrown in.

Wood alcohol is quicker, that's all.

Send The Progress.

The Solid Foundation

Are you laying a solid foundation for the future?

If a time comes when you are not able to work, will you be in a position to take care of yourself, or will it be necessary to depend on another's charity?

Provide for the future by saving a part of all you make. You need not fear the "Rainy Day" if you have money in the bank.

The County National Bank invites your account. It pays 3 per cent. interest on savings.

E. C. REEVE, Pastor

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best, alimentary tract, before putting more food into the stomach. Girls and women with sallow skins, dry, scaly, or pimply, or with liver spots, pimples, or pallid complexions, before it is absorbed into the blood, just as coal, when it burns, coats the tongue, bad taste, nasty breath, leaves behind a certain amount of indigestible material in the form of bilious spells, acid stomach or constipation. A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act from the inside organs. We must always consider that internal sanitation is as important as external cleanliness, because the skin pores do not absorb impurities into the blood, while the liver, kidneys and bowels, thus cleanse, purify and purifying the entire system.

SAFEGUARD YOUR STARTING & LIGHTING SYSTEM

with an
"Exide"
BATTERY

PREPAREDNESS is a big word—a word of importance to every motorist.

Don't wait until your car is stalled to think about the battery that furnishes power for your starting system.

Now is the time to equip your car with an "Exide" Battery.

Years of service have proved the absolute dependability of the "Exide" Battery. It is the original "Unit-Seal" battery—no bulky sealing compound, maximum power, easy to care for, easy to inspect and repair.

Let us show you the "Exide" and explain its many exclusive features. Remember an "Exide" means "A Sure Start Assured."

Find out the condition of your battery. We inspect all makes of batteries free of charge.

Clearfield Auto Supply Co. Inc.

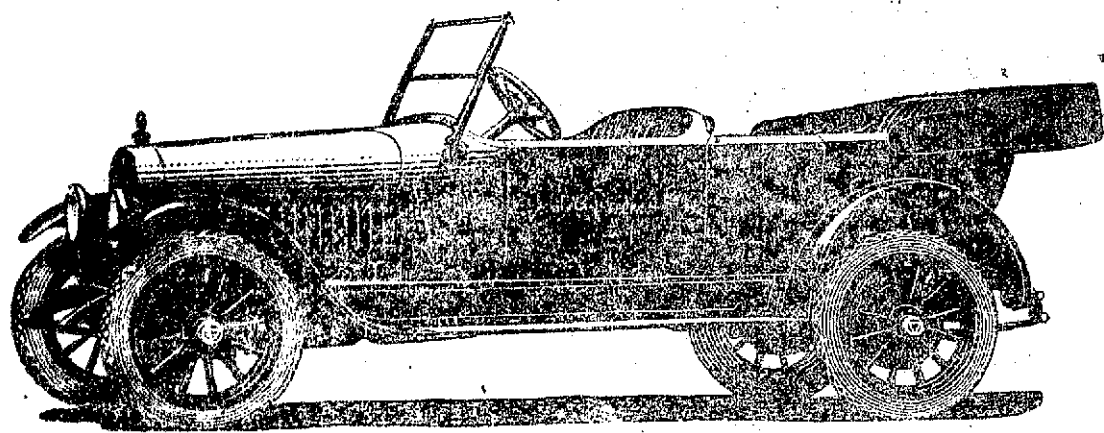

16-18 South Third St. Clearfield, Pa.

The Factory, The Facilities The Institution Behind The Car

One of the most important factors to consider in buying an automobile is the factory behind the car.

The plant of the Hudson Motor Car Company at Detroit is the largest factory in the world devoted exclusively to the manufacture of fine automobiles. It covers more than twenty-six acres of ground and includes more than 1,000,000 square feet of manufacturing space.

Within its walls there are carried on more than 10,000 different operations necessary in building Hudson cars, the perfection of its equipment assuring the high quality of its output. Material is purchased in the immense quantities necessary to make possible the turning out of a car of the highest quality at the lowest possible price.

These facilities make possible the manufacturing efficiency, the result of which is the delivery of such extraordinary value that the Hudson Super-Six has become the most popular and the largest selling fine car in the world.

In addition the Super-Six has a patented motor obtainable in no other car. By the use of an exclusive principle the power is increased 72 per cent without any increase in weight or the sacrifice of simplicity.

To obtain a Hudson, even for delivery next year, it is necessary to act now as the demand has always been greater than the supply and our allotment is strictly limited.

FINN OUT

YOU SHOULD DISCOVER AT ONCE HOW VERY APPETIZING AND SATISFYING OUR BREAD IS!

There are some things that a person must find out for himself. We could talk until dawn's day about the pleasing, tasty qualities of our bread, but you never could become thoroughly convinced until you had some within eating distance of it. Then it won't matter how and how often you tell all about it to your friends.

CURWENSVILLE

Andrew Brossler, who has been staying over in Centre county for several months undergoing medical treatment, was home and spent Christmas with his parents, Mr. and Mrs. George Brossler. He was wounded and gassed while fighting in France and has not been in good physical condition since his return to this country. It is altogether probable that he will lose the sight of one of his eyes caused by the thrust of a bayonet.

Mrs. Thomas Beemth, of Ridge avenue, is confined to her home suffering from a broken ankle. She went out of the back door the other day and in going off the porch she slipped and fell on a slippery walk, causing the unfortunate accident.

Master Eddie Crownover is prevented from enjoying his Christmas holidays from the fact that he is confined to his home on Thompson street by an attack of chickenpox.

Mrs. Wright and daughter, of Clearfield, spent Christmas day in Curwensville as guests in the home of Mr. and Mrs. C. S. Russell.

R. M. Hess engaged as an engineer for the C. V. S. company, with headquarters at Clymer, spent several days of this week with his parents in this place. He is an overseas man who was close to the firing lines and witnessed some strange sights before being released from the service.

Willard McNaul, a jobbing agent for the Empire Rubber and Tire company, at Detroit, Mich., is home for the holiday week with his parents Mr. and Mrs. Al McNaul, East Main street.

Robert Moore, a resident of Kerrmoor, aged about 67 years, died a few days ago at his home. He was a son of W. L. Moore, of Ferguson township. About eleven years ago he was stricken down with a malady which practically made an invalid of him since that time. He was married to a Miss Shaw. The widow and a family of grown up children survive him. His remains were buried in Mt. Zion cemetery.

Miss Harriet McCloskey, one of the nurses in the Clearfield hospital, spent Christmas day with the family of Mr. and Mrs. James L. Smith. She is a daughter of Mr. and Mrs. Howard McCloskey, of upper Ridge avenue.

Mrs. Annie Guelker has been installed in the undertaking establishment and furniture store of James L. Smith as clerk and bookkeeper.

Miss Mahel Leonard, who occupies a clerical position at Benderville, Adams county, is home for the holiday week.

Mrs. Reuben Ellinger, son and daughter, of Luthersburg, are spending the weeks end in the family of Mr. and Mrs. V. H. Bloom, west George street.

An infant of Mr. and Mrs. Benjamin Kimes died on Christmas morning.

William Garlock, who is employed at Warren, Ohio, came home to spend the week's holidays with his family and other kin folks.

Workman's bread saves you 2 cents on every loaf. A 15c loaf for 13c.

Little "After-Thought" GIFTS

Someone sent you a gift that you did not expect and you feel in duty bound to return the compliment either now or at New Years.

The "Gift Section" will be held intact for a day or two so that you may have an opportunity to buy these little gifts between now and New Years.

There are plenty of little gifts that are appropriate and within the compass of an "after-Christmas" purse.

Ross & Woods

Good Equipment is Worthless Without Good Lubrication

The efficiency of your mine machinery and rolling stock can never be greater than the efficiency of its lubricant.

Cut out waste—increase efficiency and output by using

It's saving time, labor, equipment and money in many of America's greatest mines. It is unaffected by extremes of heat and cold and insoluble in water.

There's a Keystone density for every type of mine car wheel and every bit of equipment which requires lubrication.

Arrange for a trial installation.

DRIGGS THEATRE Tonight William Farnum in "WOLVES OF THE NIGHT"

It takes a strong man to "come back" after he has been insane five years; has been robbed of wife and fortune; has been victim of a plot to murder. Such a man is Bruce Andrews, hero of a remarkable photoplay of romance, crime, high finance and vengeance. And WILLIAM FARNUM plays the hero. It is a play worthy of the star—a star worthy of the play. A story that carries the spectator into the heart of the great Northwest into the mysteries of South America, and into the whirlpool of Wall Street. It is a powerful story and with that virile actor, WILLIAM FARNUM in the leading role, it is a feature worth walking miles to see!

KEEP Your Car Running

Winter has no terrors for the motorist who uses Johnson's Freeze-Proof in his radiator.

He can run his car in the coldest weather and leave it all night in an unheated garage. The radiator can't freeze if Johnson's Freeze-Proof is used according to directions.

Johnson's Freeze-Proof is non-evaporating and non-inflammable. It will not harm metals or rubber.

CUT THIS OUT—IT IS WORTH MONEY

DON'T MISS THIS. Cut out this slip, enclose with 5c and mail it to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup; Foley Kidney Pills for pain in sides and back, rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic, for constipation, biliousness, headache, and sluggish bowels.

IF KIDNEYS AGT BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat, which forms uric acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid, which overworks the kidneys in their effort to filter it from the blood and they become paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, too to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness. Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful effervescent lithia-water drink.

A 15c loaf for 13 cents is the Workman way of saving for you.

HOW HE ENDED KIDNEY TROUBLE

"I had a severe attack of kidney trouble and for three weeks could not get out of doors and scarcely out of bed," writes C. E. Brewster, Village Springs, Ala. "Could not bend over at all without the most excruciating pains. I purchased a bottle of Foley Kidney Pills. Was relieved after first few doses and continued their use until completely cured. I consider Foley Kidney Pills the best kidney remedy in the world. No recurrence of my trouble."

Bring Your Gift Check Here

You may have received gifts of money with instructions to buy what you want.

Whether you are a man or a woman there is some little thing you wish you had gotten as a gift. And now you can gratify that desire by coming here and getting it.

Both sections of the store—men's and women's—holds a vast number of articles that you'll like.

A MIRKIN

Ladies! Darken Your Gray Hair

Look years younger! Use Grandmother's recipe of Sage Tea and Sulphur and nobody will know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color, dates back to Grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning
